Pizzicato Professional Free

Pizzicato Professional is a powerful software designed to satisfy the needs of the professional musician, allowing them to create, compose, edit, print, record and listen to music. With the help of a dozen modules, Pizzicato Professional allows you to create sheet music, to edit and record music and to share your files with friends. Pizzicato Professional is one of the most complex electronic program designed to satisfy a musician. Pizzicato Professional allows you to create an entire orchestra with different sections, to record your music, to edit your sheets in a standard and a double staff format, to print your scores and your concertos, to compose a symphony, to transpose your music and to easily import and export MIDI music. Vivace Synthi is an easy-to-use sound editor which allows you to create, arrange and perform your own MIDI music. Vivace Synthi allows to edit and arrange MIDI music, to edit the tempo of your music, to create MIDI loops, to make your favorite sounds with more than 60 pre-samples and to arrange your MIDI melodies in Vivace Synthi's Instrument Mode. Even more features are coming in Vivace Synthi 8.0 update 1 with more than 70 patches for all instruments. Pizza Professional is a complete music production studio, with a wide range of features and tools to create, edit, record and play music and a unique page layout which allows you to write music pages in a way far more flexible than pen and paper. A song can be created, edited, arranged, mixed and mastered with the help of an interface that reflects the different facets of the professional musicians workflow. Once your song is complete, it can be saved and played. A large number of tracks can be added to your song, allowing to create varied music genres such as folk, jazz, disco, pop, rock, classical, movie and ambient music. Track selection can be achieved in one of the following ways: • Add and remove tracks from the active mix. • Add and remove tracks from a group of tracks. • Add and remove tracks from one instrument. • Add tracks from one instrument to another instrument. • Add tracks from one instrument to your chorus. • Add tracks from one instrument to your vocals. • Add a bass guitar track to the audio track. Pizzicato Professional

Pizzicato Professional Pizzicato Professional provides all features for writing music for instruments such as piano, guitar, harp, saxophone, flute and more. It includes a user-friendly interface and a fully featured editor with a lot of additional tools. Pizzicato Professional is a powerful music notation and scorewriter. With the program you can write music for any instrument: guitars, keyboards, pianos, harps, percussion, and many more. You can use the scorewriter to compose music directly on the computer, with piano roll-style editing of notes and bars. Writing music for various instruments with the help of the program can be quite difficult. Each instrument has its specific needs, including note and bar length, and all that needs to be entered manually, while all the program should do is recognize the notes and make your life easier. Pizzicato Professional features more than 300 keyboard instruments and 5000 ready-to-use presets. Each instrument can be assigned to a chord, so you can play along with the score, and the bass line that the chords are in. Pizzicato Professional also comes with an automatic transcription function. This allows you to play a piece of music on the instrument or a recording, and it will immediately produce a transcription with the written notes, chords, and fingerings. Pizzicato Professional can also read any format the user has created in Pizzicato Professional. Features: - Based on scorewriter technology with its easy to use, quick and efficient interface - Main instruments list with adjustable input range and reverb setting - Special sound sets for more than 300 different instruments - Re-sampling, simple envelopes, etc. - 2x and 4x zoom score mode - TTS for bass or guitar; FFT synthesis - Mute notes - Change note/transposition/velocity/pitch/time/duration/transposer - Change one or more instruments - Tempo display for a specific instrument - Chord properties - Piano roll editing - Small version to save space - Separate piano roll view - Bass track mode - Bass line automation - Automatic transposition - Automatic transposition/pitch range/pitch glide/time glide - Instrument specific envelope parameters - MIDI functionality - Compose as a whole score for orchestra and/or for a part - Mode to process your score on-the-fly

What's New in the Pizzicato Professional?

Pizzicato Professional allows you to print, write, compose and listen to music pieces for any solo instrument or for an entire orchestra. The page setup may be zoomed in and out to create score reductions or big scores. Pizzicato Professional contains several additional tools to write music sheets in a way far more flexible than pen and paper (writing for percussion instruments, various note heads, personal tools and palettes, parts extraction).
