This is a world divided into the Lands Below and the Lands Above. Those who dwell there struggle in the darkness. The darkness is a place of regret, of dark delusions and enmity, in the battle between the two worlds. Mankind knows only the Lands Below. Within this world, the two great powers of the Elden Ring Cracked Accounts fight back to back for the survival of the entire world and mankind. The Lords rise to the heavens to battle, while the humble trolls plunge into the depths to stir the demons below. The struggle between the two opposing forces ultimately determines the fate of this world and mankind. Note: The English text has been translated from Japanese.
