Database data transfer tool with high compression. Full feature presentation.. Sql navigator help file pdf. Your field names must begin with a letter and cannot be more than 30 characters in length. The HTML5 element is required, although it has an optional title attribute. We go back to SQL 2000 and that is SQL Visitor (running in the toolbox). There is a button on the toolbar that shows the Table of Contents (TOC) of the current database. Now before you would think that just knowing how to run a query in SQL Navigator is enough knowledge, don't count your chickens!
