- Realms of Fantasy "Gorgeous detail, amazing story, and a fabulous setting make this game a must for fans of fantasy role-playing." "The story is compelling, the gameplay is fun, and the graphics are outstanding. All of this makes Legendary Encounters a worthy addition to the fantasy role-playing library." "With marvelous graphics, a compelling story, an extensive array of available quests, and fun adventure, this is a winner all around!" - Interesting Game Info! - RPG Now "Legendary Encounters is a beautiful, intelligent, and entertaining RPG. It makes you feel part of a larger, carefully drawn world. At times, it is even hilarious." "If you love rpgs of any sort, get this game now while it's still cheap! " " Legendary Encounters is a nice, fun experience that is easy to pick up and play, and will satisfy your RPG cravings." - Beautiful Artwork! - The Binding of Isaac ("[Legendaries Encounters] is a more refined and tighter game. There are some additional systems such as new armor and weapons. The boss fights have been redesigned, and are some of the more challenging parts of the game." "The biggest change I noticed was how well they balanced each class. I feel that this game has a certain amount of strategy to it, and the players have to work together in order to finish a quest and beat the boss." - A Tales of Legend Novel! - The Vor Games "If you play JRPGS like me then this is the perfect game for you. This game has a great story and my favorite side character is definitely the seven dragon. The graphics are really nice as well." "Legendaries Encounters is a fast paced JRPG with a bit of strategy and really open ended gameplay." - Legends We Cannot Forget (- GameSpot "Although Legendaries Encounters is far from perfect, it still does a lot more than it needs to do. The story is somewhat interesting, and the difficulty is high enough to keep you on your toes, but there isn't enough depth to the system to make it worthwhile, and the characters do little to stand out." "Legendaries Encounters' gameplay is so simple that you'll be able to level up your main character in about four hours bff6bb2d33
