Guided by their brother's advice, Harry and Thomas decided to establish their own operation in a. Northway ; the Pattersons leased land to a Portuguese farmer, Mariano. The Double Twins ; the Duke, Duchess, and Harry.And, as expected, the year 2018 was a huge one for cloud. The year of the cloud began with Amazon's cloud services industry growth estimates for 2018. The company's estimates state that Amazon Web Services revenue growth will be around $46 \%$, adding $\$ 5.5$ billion in the current year. That's a significant increase over Amazon's $\$ 1.9$ billion in 2017. Many customers are shifting their workloads to the cloud. And, AWS is cashing in on that. "On the flip side, Amazon is growing at a more rapid pace than its competitors," Mark Kail, a senior analyst with ABI Research, told IT Pro. "This growth combined with market expectations for stronger double-digit growth are good for AWS, since competitive pressures on pricing are likely to increase." Is My Data 'Yuuuuuuge'? Gartner saw a rise in cloud spending of $\$ 400$ billion in 2018. There's no doubt that 2018 was a great year for cloud technology. According to Gartner, cloud-related spending rose by $\$ 400$ billion in 2018. The cloud market - and cloud growth - was evidently fueled by several factors. "The main reason was the public cloud spending race among Amazon, Microsoft, and Google," said Ranjith Kumar, a research director with Gartner. "And, the growth of commercial cloud spending attracted a lot of other commercial cloud players like IBM, Salesforce, and SAP." Amazon: From Customer to Competitor The year 2018 was a big one for Amazon.

Not only did the company see robust cloud services revenue growth, but the company came out of a year of controversy surrounding data breaches, customer accounts, and
