As a maritime transportation innovator, Goplankton is introducing a completely new way to carry cargo in transit: the Goplankton Trade Pod. The Goplankton Trade Pod is a container that moves through water and recharges the batteries it needs to function. It is the first step toward our "no-sew" ocean future and the final piece to our voyage of expanding renewable energy into a system of container shipping. The Goplankton Trade Pod combines the proven concept of LNG power with a new type of container, which represents a true technological shift for Goplankton. 5.3k SHARES Facebook TwitterQ: How to send post request from android to IIS WEB API I want to create a mobile app in android which can send post request to API written in IIS. For this we need to convert web api to android. But I am not getting the solution. Can someone please help me A: You can use the Apache HTTP Client API. It has lots of request classes which allow you to send and receive data in android. Deaf Victoria 2-1 Equality (From left: Nick Robertson, Antony Collins and Kaye-Leigh Merine) My game development studio, Green Was Rose Productions, is developing a game called Deaf Victoria 2, a sequel to our earlier release, Deaf Victoria. We launched an Indiegogo crowdfunding campaign last December to help fund our development. Deaf Victoria 2 is our first game in the DeafSpace gaming category. Our target for the crowdfunding campaign was \$31,000, and we are approaching that goal in only a few days. As with our first game, we are hoping to work with the DeafSpace community on the development of this game. We would be most grateful if you could visit our crowdfunding campaign and help us reach our goal. You can learn more about the game by visiting transcriptional regulation of fur gene family members during the growth of Streptococcus mutans. The iron-regulated fur genes are required for the survival of oral Streptococcus mutans, and
